

## **Rock Island Illinois Cemetery**

**At this time I have very little information on the Chippiannock Cemetery other than the fact that it is in Rock Island, Rock Island, Illinois. I have never been there and only have photos that a family member sent me of some headstones. The Internet has them listed as being at 2901 12 th Street, Rock Island, Illinois. It was established in 1855 and has over 25,000 persons buried there.**
